2E5 – Hard Cover exercise book		MTH	1	

**CAS recommends the following BYOD (bring you own device)**

Every device has its strengths and weaknesses and as such there is no perfect device for our school environment. However, the device your child brings to school MUST have;

1. A battery life of at least 6 hours (there will be no charging capabilities at school).
2. Wireless capabilities.
3. A minimum screen size of nine and a half inches.
4. The device must have a full keyboard as part of the device like a Cromebook.  
i-pads require a compatible Bluetooth keyboard.
